

Mr. Jett

Most schools have a whole maintenance team, we have a Mr. Jett.

Paul does not get the recognition that he deserves. What some of us may not realize is that Paul is a 12-month employee. While we are off enjoying our summer breaks and vacations, he is usually here working his tail off getting things ready for us to return too. Whether it's a "new paint job" or a "classroom change" or even just replacing light bulbs, Paul is always here to fix whatever gets broken during an unusual school day. From patching holes in the walls to broken doors and windows, he completes the tasks with no complaints.

Paul is also the one that comes in on most snow days to get the parking lot cleaned and ready for those of us that come to the school to work. He always greets you with a "good morning" or a "hello". On most days, he is one of the first ones here and one of the last to leave. He has a good relationship with most of if not all the students. I have seen him show a student how to do something and explain why it is done that way with patience and the skill of a seasoned classroom teacher.

I could go on and on about the work and time Paul puts in not only during the school day but for special events put on by the school.

(Golf Tournament, Gala) just to name a few.

This is why I think Paul is deserving the Employee Of The Month Award for May.
