

Mrs. Kerth

Katie is a true asset to our team and a dedicated educator. She cares for her students while holding them accountable and plans enriching activities that will promote their success. Katie takes the time to plan lessons that are meaningful and engaging. She helps out with extracurricular activities to give our students special experiences and stays up to date with her responsibilities as a teacher. She never misses a deadline and can be relied upon to get things done!

Katie contributes to special school-based projects in a meaningful way; her work on the yearbook and graduation committee will leave lasting impressions on not only our seniors, but all students! She maintains excellent attendance and rarely (if ever) calls out!

Katie is a true team player and Oberle has been fortunate to have her!
